

SALT LAKE COMMUNITY COLLEGE  
PROFESSIONAL CEU COURSE

**About the Instructor: Anthony Hiatt**

Mr. Hiatt is an engineer and project manager with experience in engineering and environmental projects large and small. He is a certified Professional Engineer and a Certified Energy Manager (CEM). Tony has a B.S. in Mechanical Engineering from Utah State University, an MBA from Westminster College, and over thirty years of engineering and environmental experience working in the energy sector. He has managed projects of all types for large companies, and a myriad of small project-based enterprises requiring skills and expertise in all types of engineering and environmental tasks.
